EDUCATION

Cochin University of Science and Technology

Bachelor of Technology in Information Technology (CGPA-8.5)

2022 - 2026

Kerala, India

PROJECTS

ClaimIt | React Native, Supabase

Apr 2025

- Designed modular and intuitive UI with responsive design, incorporating **real-time chat**, **live camera access**, and **interactive map for live location**, optimizing user experience.
- Integrated **Supabase** for **user authentication**, **real-time data synchronization**, and workflow management, ensuring smooth, seamless functionality between students, companies, and other stakeholders.

CareerBridge | Next.js, Tailwind CSS

Apr 2025

- Engineered and implemented the complete UI for a job portal with resume parsing and job matching.
- Crafted a **unique interface** for an **AI resume analyzer** with **ATS checks** to boost recruiter visibility.

Vibhava Wrapped | Next.js, Tailwind CSS

Mar 2025

- Developed the main UI for a web app that allowed industry experts to track project visits, log insights, and revisit personalized experience after the event.
- Launched the platform for live judging; over **87% of event judges** used the application to record feedback, enhancing overall engagement and post-event recollection.

Ninte-Kadha | Next.js, Tailwind CSS

Mar 2025

- Created interactive frontend that transforms browsing patterns into creative narratives, incorporating personalized flow, responsive design, and immersive storytelling elements for user engagement.
- Built storyboarding interface to represent digital trails in engaging formats.

ICMBGSD2025 Conference Website | HTML, CSS, JavaScript

Dec 2024

- Delivered static UI stack with responsive layout, interactive flow, and smooth design, ensuring accessibility across all devices.
- Focused on visual hierarchy, mobile accessibility, and intuitive navigation across all views.

OurRupee | HTML, CSS, JavaScript

Oct 2024

- Built a dynamic fund tracking dashboard with blockchain integration, featuring reusable panels, minimalistic UI components, and transparent financial activity visualization.

POSITIONS OF RESPONSIBILITY

Program Facilitator

Sep 2024 – Present

TinkerHub, SOE

- Leading TinkerHub campus programs to foster hands-on learning and tech upskilling.
- Conducted workshops and hackathons, engaging 200+ students in collaborative learning.

Event Lead

Mar 2025 – Present

Student Association of Information Technology

- Coordinating technical events with streamlined logistics to maximize student engagement and participation.
- Managing cross-functional teams to deliver impactful events that foster a dynamic learning environment.

ACHIEVEMENTS

- First Place**, *Hack Europa* (CUSAT) – Built the UI for the **AI-based internship & placement portal**.
- First Place**, *Hack to the Future* (IEEE-SB MUJ) – Designed a **blockchain urban transport system**.
- Track Winner**, *Make-a-Ton* (CUSAT) – Designed and developed the UI for a **Web3-based platform**.
- Third Place**, *Hack for Nothing* (GEC Thrissur) – Created an **interactive, user-centric web platform**.

TECHNICAL EXPERTISE

- Programming Languages:** Python, C, JavaScript, HTML
- Frameworks & Libraries:** React Native, Next.js, Tailwind CSS
- Databases:** MySQL, Supabase,
- Version Control:** Git
- Soft Skills:** Leadership, Event Management, Community Building, Problem-Solving, Team Collaboration
